British Enter Cambrai; Belgians Take Roulers

GERMAN PAPERS BEG FOR PEACE

RUSH OF LIBERTY BOND BUYERS ALL OVER STATE

News of Bulgaria's Surrender Stimulates Interest in Loan

GERARD SPEAKS. SAN FRANCISCO

No Official Figures Yet to Mark Totals of Subscriptions

SAN FRANCISCO, Sept. 30.—News of Bulgaria's surrender stimulated the sale of fourth Liberty loan bonds in San Francisco and throughout the state today. In San Francisco the rush for Liberty bonds was so great that the main office was swamped and when tabulation for the day was completed the results did not show the total subscriptions.

The workers went home for the night after tabulating a total of \$4,326,550. The total announced does not include subscriptions from a number of local districts. In the city, 1,500 in number, turned in \$205,550 for the day.

A feature of the campaign in California is the work of the women's committees in each locality. Many of these committees have collected thousands of dollars collected by the tireless workers.

WASHINGTON, Sept. 30.—Reports of the progress of the fourth Liberty loan received tonight at the treasury were encouraging, but were not supported by definite sales figures and officials said it would be two days before official totals were available from any federal reserve districts, or for the entire country. Apparently the flood of subscriptions in the first two days came mainly from big business interests in large cities and better showing is expected later in the week as a result of smaller popular pledges.

From Baltimore came word that more than \$40,000,000 had been subscribed, or more than twice as much as the whole third loan. The second day's business in New York was good, but pledges supported by the initial payments represented only a small part of the subscriptions actually gathered in.

In Iowa, two-thirds of the counties have over-subscribed and won the fourth Liberty loan honor flag, according to a message from that state tonight. The number of Upper Michigan counties has risen more than its quota and in the Minneapolis district thirty-six counties have over-subscribed.

"Indications generally are that subscriptions now are larger than they were in the first two weeks of previous loans," said a message tonight from San Francisco. In Utah the 21,000 subscriptions have been taken and eight honor flags claimed. Idaho reported that seven counties have exceeded their quotas. Washington, two counties and four cities; California, two counties and a dozen towns.

Subscriptions totaling \$14,000,000 for Boston and vicinity were reported in the New England district, with no reports as yet from Rhode Island, Connecticut, Maine, New Hampshire or Vermont.

Venice Doubles

VENICE, Cal., Sept. 30.—A \$100 Liberty bond was bought, paid for and presented by a crowd at a Liberty bond meeting here tonight. Mrs. H. J. Rogers, 82 years old, who confided to a bond salesman that she had but \$6.20 in cash, but that she had a grandson in France and wanted to do what she could to help. The crowd promptly adopted it. Venice, which filled its bond quota the first day of the drive, had nearly doubled it today.

Takes Baby Bond

STOCKTON, Cal., Sept. 30.—When Dr. Levin, local theatrical manager and prominent Liberty loan worker, reported subscriptions at today's luncheon of Liberty loan workers, he reported that Liberty loan was his only daughter, less than twelve hours old, had invested in a \$50 bond. Reports from all workers indicated that Stockton and San Joaquin county would quickly exceed their quota.

Gerard, on War Terms

SAN FRANCISCO, Sept. 30.—"There must be no negotiations without occupation," James H. Gerard, former American ambassador to Germany, told a gathering at the Commercial Club here today in an address for the fourth Liberty loan.

"The United States and her allies must force their way into Germany's territory, and must keep on going until Germany bows to their will," he said. "We must not allow Germany to increase her man-power," Gerard said. "It would be easy for her to turn the population in the Baltic provinces into a complete influence over the German population."

Mr. Gerard predicted a revolution in Germany.

ALLIES SWINGING IN BEHIND KAISER'S SUBMARINE BASES

Americans, Italians and French Smash Far Across Hindenburg Line Near St. Quentin

LONDON, Sept. 30.—7 p. m.—Roulers, a Belgian town 13 miles northeast of Ypres, was captured today by Belgian troops, according to a dispatch received by the Evening News from the Belgian battle front.

Meanwhile the Entente Allied forces from Verdun on six battle fronts are insisting victory after victory over the Teutonic armies, and the enemy front almost everywhere is crumbling, notwithstanding the desperate resistance that is being offered on various sectors.

On all the sectors under attack from Belgium to Flanders to the region of Verdun the German front is gradually bending back under the violence of the attacks of the British, Americans, French and Belgians. In Belgium the advance of the troops of King Albert and of Field Marshal Haig have pierced so deeply eastward that Germany's submarine bases on the North Sea are in jeopardy of being cut off. The famous Meuse-Wytschate ridge has been captured and the Allied guns dominate the plains beyond.

Both Meuse and Roulers, important railroad junction points for the supply of the German armies north and south, are virtually in the hands of the British and Belgians, and seemingly soon must fall.

Cambrai to St. Quentin

From Cambrai to St. Quentin, the British and Americans again have delivered successfully hard smashes against the German strong points all along the front, including the remaining portions of the old Hindenburg line. The Germans here are offering most strenuous resistance and in counter-attacks compelled the British on one or two sectors to withdraw for slight distances. The British are in the process of cleaning up the town of Cambrai, having penetrated its suburbs from the northwest and southwest. In the region of St. Quentin, where the Americans are fighting with the British, the old Hindenburg line has been cut and penetrated to a depth of three miles over a front of eight miles.

Evacuate Chemin Des Dames

In conjunction with the operations of the French northeast of Soissons, the Germans have begun the evacuation of the Chemin-Des-Dames and the French now hold half of this famous defensive position. Likewise there is an indication that the enemy intends to give up the remaining positions held by him along the Vesle to Rheims.

Americans Bomb Troop Trains

From the St. Mihiel sector the Americans are heavily bombing enemy troop trains which are being hurried to the front.

HURRY PROGRAM OF POLITICAL REFORM

Kaiser Regrets Von Hertling Cannot See It Through

AMSTERDAM, Sept. 30.—The three majority parties in the reichstag at a meeting on Saturday arrived at an agreement looking to the formation of a parliamentary government with a responsible ministry according to Berlin advices. This is to be accepted in part by the abolition of the veto of the constitution. Autonomy will be granted to Alsace-Lorraine.

LONDON, Tuesday, Oct. 1.—Friedrich von Payer, German imperial vice-chancellor, has resigned, according to an Amsterdam dispatch to the Central News.

U. S. TROOPS FAR UP AMUR VALLEY

VLADIVOSTOK, Friday, Sept. 13.—(By the Associated Press.)—American troops co-operated with the Japanese in the occupation Thursday of Blagovostchensk.

Eugene Regnault, French commissioner in the Allied convention at Vladivostok, has arrived here. This is the first report that American units are at Blagovostchensk. The capture of the city was reported last Tuesday.

WILSON APPEALS FOR SUFFRAGE; YET SENATE UNCERTAIN

Resolution May Be Pressed to Vote Today, or Not Till Later

"IS TEST OF U. S. AS DEMOCRACY"

President Emphatic That Women Have Earned Responsibility

WASHINGTON, Sept. 30.—Although President Wilson in a personal address today to the Senate asked for passage of the woman suffrage federal amendment, the Senate itself failed to reach a vote. Leaders generally hoped for a final roll call tomorrow, but the outcome admittedly was in doubt.

Under the weight of the President's influence, advocates of the resolution were hopeful of meeting the necessary two-thirds majority, but leading opponents were insistent that there would be no deflection from their ranks.

Unexpectedly intervening in the Senate fight, the President went to the capitol at 1 o'clock to tell the senators why he regarded favorable action on the resolution necessary. Approval of the resolution, the President said, was necessary if America is to lead the world to democracy for it will be judged by its acts.

"It is my duty to win the war," said the President, "and to ask you to remove every obstacle that stands in the way of winning it. I tell you plainly that this measure, which I urge upon you is vital to the winning of the war and to the energies alike of preparation and of battle. And not to the winning of the war only. It is vital to the right solution of the great problems which will settle, and settle immediately, when the war is over."

After the President's address the Senate resumed debate, while leaders canvassed senators to determine the effect of the President's intervention. Charles McNary, the republican, said he could safely count on six or seven of the Senate's ninety-six votes, or two less than the requisite two-thirds majority. Opposition leaders declared that despite the President's action there would be no change in the vote.

Before the President left the capitol today, the resolution from the Democratic side began. Senator Underwood of Alabama led the Senate (Continued on Page 2.)

20,000 NEW CASES IN LAST TWO DAYS

Many Hundreds of Men in Army Camps Have Pneumonia

WASHINGTON, Sept. 30.—More than 20,000 new cases of Spanish influenza were reported from army camps during the forty-eight hours ending at noon today. Pneumonia cases reported numbered 733 and deaths 277. The total of pneumonia cases now is 8,766 and deaths 1,577.

The total number of influenza cases in all camps was 22,757, and a statement issued from the office of the surgeon general of the army. The new cases reported Sunday numbered 8,243 and those today 11,021.

Three camps today reported more than 1,000 new cases. Camp Dix, Ark., had 1,505; Camp Sherman, Ohio, 1,200; and Camp Jackson South Carolina, 1,168. Pneumonia cases are increasing at these camps, but the death rate continues low.

The highest death rate reported today was from Camp Dix, N. J., where sixty-four soldiers died, and where next tonight Camp Devens, Mass. The epidemic is most severe. Camp Devens continued to show a marked decrease in new cases, only 167 being reported today with forty-seven new cases of pneumonia. The total of influenza cases reported from this camp is 12,707 with 1,650 cases of pneumonia and 532 deaths.

More than 2,000 extra nurses have been sent to various camps. It was said tonight, and authority has been given to engage locally as many as were needed. Additional hospital facilities are being provided at points where the epidemic is on the increase.

BALKAN RAILWAYS NOW TO BE GIVEN FOR ALLIED USE

Ferdinand's Army to Be Demobilized; All Foreign Territory Is to Be Abandoned

By The Associated Press. Bulgaria is definitely out of the war and Turkey, virtually cut off from communication with her allies and her armies in Palestine almost annihilated, likely soon will be forced to sue for cessation of hostilities against her.

Seeing a certain defeat staring her in the face through the swift progress of the Serbian, Italian, British, Greek and French troops in the Balkans, and the invasion of Bulgaria, the Bulgarians begged for an armistice, reserving to themselves the right to return to the territory now held by King Ferdinand's men to be evacuated. The Bulgarian army is to be immediately demobilized and all means of transport inside of the kingdom, even along the Danube, is to be given over into allied hands.

Way Open Into Hungary

Thus, in addition to the isolation of Turkey, the back door to a direct invasion of Austria-Hungary is being wide open to the Allies and doubtless the time is not far distant when advantage to the full will be taken to the new avenue through which the enemy can be reached. With the debacle in Serbia and Bulgaria complete, the Austro-Hungarians in Albania soon will be put to the test, and when their evacuation to their own borders is accomplished, the Allies will have a direct line of communication from the Black Sea to the North Sea.

Viewing the situation in all its aspects, the success of the great offensive in Belgium and France; the blotting out of the war zone in the Balkans, the cutting off of the Turks from intercourse with Germany and Austria-Hungary, except by the long route through the Caucasus and southern Russia, and the steady gains that are being made by the Allies in making Russia once more a factor in the struggle, the dark days of the war seemingly are faced by the Austro-Germans.

French Enter Uskub

Although it had been officially announced that hostilities against the Bulgarians ceased at noon Monday, the French official communication of Monday night said French cavalry had entered Uskub, one of the most important communication centers in Serbia. It is not improbable, therefore, that the French will still have to fight the Bulgarians who are known to have been fighting with the Bulgarians in this region, getting as near gains.

Purely Military

LONDON, Sept. 30.—The armistice concluded with Bulgaria by the Entente Allies is a purely military convention and contains no provisions of a political character. Bulgaria agrees to evacuate all the territory she now occupies in Greece and to surrender all means of transport to the Allies.

Bulgaria also will surrender her boats and control of navigation on the Danube and concede to the Allies free passage through Bulgaria for the development of military operations.

All Bulgarian arms and ammunition are to be stored under the control of the Allies, to whom is conceded the right to occupy all important strategic points in the Balkans.

The Associated Press learns that the military occupation of Bulgaria will be entrusted to British, French and Italian forces and the evacuated portions of Greece and Serbia respectively to Greek and Serbian troops.

The armistice means a complete military surrender and Bulgaria ceases to be a belligerent.

All questions of territorial rearrangement in the Balkans were purposely omitted from the convention.

The Allies made no stipulation concerning King Ferdinand, his position being considered an internal matter, one for the Bulgarians themselves to deal with.

HYSTERIA FELT IN BERLIN SHOWN IN PRESS

Denounce Government for Keeping People in Ignorance

"BAD NEWS NOW THICK AND FAST"

Danger of Invasion of Empire Suddenly Dawns on Populace

AMSTERDAM, Sept. 30.—(By the Associated Press.)—The German press today is hysterically emphasizing that the need for cool heads never was greater than now. The possibility never before entertained or visualized, is beginning to dawn on the people that Germany may lose the war and the suddenness of this realization has had a bewildering effect.

The Zeitung Am Mittag entirely approves as wholly appropriate to the occasion a sensational editorial printed in Vorwarts last week, dealing with what would happen should an enemy succeed in invading the fatherland. It makes an assertion, remarkable for this newspaper, saying:

"Our government throughout this terrible war has sedulously avoided hinting at this, and the other possibility, namely, that the war may be lost if everybody and everything are not united in the utmost effort."

The government has thus itself contributed to veiling the real gravity of our position during these four years of war, the newspaper continues. "It has preferred to lead the nation in blinkers past the abyss of danger to our national life."

ET, Tu, Bulgaria! The Rheinhalt, Westphalian Gazette shudderingly contemplates the Bulgarian situation "the last and highest wave," and suspects that the Bulgarians, after having got the Dobruja region of Rumania, have no further use for Germany.

The Frankfurter Zeitung expresses regret that the government failed to express on Friday and for the "truth" that Germany did not go into the war out of lust for power. This newspaper justifies its previous assertion that the Bulgarians are justified in their war against Germany and thinks the Bulgarian people will stand with Premier Malinoff. Finally, the Frankfurter Zeitung begs the government to make for peace, "unequivocally and sincerely."

The Busseloff Nachrichten bewails the fact that troops will have to be sent to Macedonia from the west front "where they are so bitterly needed." Its sister publication, the Essen Allgemeine Zeitung, speaks of "bad news coming thick and fast," and repeats its previous assertion that the Germans must be strong. Later in its editorial, the Essen journal falls into bitter abuse of "blaspheming Wilson and his mob of lychners."

NOTICE TO SUBSCRIBERS

New subscription rates for the Fresno paper go into effect today. The price of The Fresno Republican, beginning with this issue, will be, by our carrier, seventy-five cents per month, and by mail sixty-five cents per month, payable in advance.

This change has been under consideration for some time and has been decided upon after mature deliberation, which results in the conclusion that such a step is essential to meet the increased cost of everything that goes into the making of a newspaper. The public is so familiar with the fact that prices of all commodities have increased in proportion to the cost of war conditions that it seems hardly necessary to justify the increased subscription rates. The white paper upon which the news is printed, and scores of items that indirectly affect the business but with which the public cannot be familiar, all have increased in cost to the publishers to such an extent that both advertisers and subscribers have had to be called upon to help bear this burden.

Not all of the rules of the newspaper business are now subject to the control of its owners any more than in the case in other businesses in time of war; the rule requiring the payment of subscriptions in advance is an order of the War Industries Board at Washington, D. C. This is a conservation measure not originated by the publishers but by the Government, and the papers have no option about observing it. Moreover, it is a patriotic duty to do so.

SAN FRANCISCO, Sept. 30.—Plans for evacuating California fruit and grapes, damaged by recent rains were temporarily abandoned here today, following a conference of fruit growers and ship manufacturers with United States food administration officials. It was decided that it was impracticable to attempt to make scrap from the damaged fruit on a commercially profitable basis, the food administration announced.

ABANDON EFFORT TO SALVAGE FRUIT

SAN FRANCISCO, Sept. 30.—Plans for evacuating California fruit and grapes, damaged by recent rains were temporarily abandoned here today, following a conference of fruit growers and ship manufacturers with United States food administration officials. It was decided that it was impracticable to attempt to make scrap from the damaged fruit on a commercially profitable basis, the food administration announced.

Three Years in War

Bulgarian representatives agreed to an armistice a few days less than three years after she entered the war on the side of Germany. It was on October 6, 1915, that

BUILDING ROADS TO CARRY SUPPLIES NORTHWARD

Heroic American Engineers Follow U. S. Troops in Champagne

German Forces Lose Their Nerve When Montfaucon Is Surrounded

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Sunday, Sept. 29.—(By the Associated Press.)—Hardly too much can be said of the remarkable and heroic work of the engineers which enabled the guns to be brought up below Montfaucon, and of the gallantry of the troops that stormed it.

The engineers, for instance, besides restoring bridges and doing other strenuous work under shell-fire over a belt of devastation nearly five miles in width, smoothed the way for the advancing 25-foot shells, filling them in with the plentiful rock they found in the fields and adding thousands of sacks of sand at the top to make the passages smoother.

For days at a stretch, with little if any rest and little food except the "iron" rations they had brought forward with them, these engineers have guarded and tended the roads and filled in the ruts as fast as the heavy trucks made them, far into the autumn. No German trucks have broken down and wagons have lost their wheels, threatening thus to obstruct all the virtually necessary traffic for the American army.

As the French did during the battle of Verdun, the Americans have ruthlessly tipped over every obstacle, whether it be a ditch, a trench, a mine, or other trucks, so that the vital supplies and the even more vital ammunition might continue to advance.

Repeatedly trucks have been mined so deeply that it was impossible to throw them over the side of the road. In such instances new roads have had to be built directly across the shell-torn fields—not deliberately and carefully, but in ten minutes' time, and capable of carrying the tremendous and continuous traffic—and they have been built almost in the time it takes to tell it.

The situation thus described is one which was more or less general to the north of the old line, but nowhere was it worse than to the north of Montfaucon, where the advance was all the more difficult because the Germans did not evacuate this stronghold as they did other points, and from its heights could harass the Americans indefinitely as they sought to bring order out of chaos in the battle.

The troops had reached a point about half way up the slopes approaching Montfaucon, and so far ahead of their artillery that it could not shoot without danger of hitting its own men, and a halt was called. The Germans, however, were not to be deterred. They had already been active along the roads, and the American troops pushed their way into September and on to the westward Epinoyville and on to the west of Montfaucon. Although it had not been believed inadvisable, if not impossible, to storm Montfaucon without adequate artillery preparation, the indefatigable spirit of the Americans would not suffer pause. Despite the check they had previously suffered from machine guns and their knowledge of the odds against them, they stormed up the hill once more and entered Montfaucon.

The Germans had lost their nerve when they found that the American troops had advanced on either side. The enemy thus was easily forced into a retreat.

A few hours after Montfaucon had fallen, the corresponding work of the second. A view of the town showed it far less damaged than those further to the south as far as the eye could see, and which are now merely crumbling masses of stone, with here and there a lone chimney standing. The strength of the American attack may easily be seen, for from it one gets a view for miles over the country to the south, where every movement of the slightest character can be observed.

French Report. PARIS, Sunday, Sept. 29.—The text of the official statement issued by the war department reads:

"South of St. Quentin our troops have attacked on the front from Arras to Carpi. The enemy, which made a desperate resistance, was ejected from these two villages, which are in our possession. We have captured the St. Quentin-Le Perre road, and 500 new prisoners have been actually counted.

"Between the Ailette and the Aisne we today realized an advance of about two kilometers along the Chemin des Dames and have occupied Pargny-Flain, Flain and Otey.

"On the Champagne front our troops have continued their attacks and have obtained important results. Upon the right we have passed the village of Bouconville and held the positions north of this village. Further west we have taken Mont Cuvelet, which was strongly defended by the enemy. Our troops have pushed further north and taken the village of Sechault, progressing about two kilometers in the direction of Chalons. Further, we have taken Ardeuil-et-Mont-Pauzeux and Vieux, and carried out lines toward Auzé.

"Upon our left we have penetrated the village of St. Marie-a-Py.

"Eastern theater, September 23: During the course of the day the left wing of the Allied armies in the east continued their advance toward Eindhoven. The enemy rear guards have retreated to the heights north of Resna and the village of Ochrin. The Serbian army has gained ground in the north and northeast of Velez and Kuchana. They also have advanced toward Ukub and Numanje. Serbian cavalry have reached the Bulgarian frontier.

"The Anglo-Greek forces are moving forward north of Strumica in the direction of Pecevo. They are advancing toward Petrich along the valley of and Strumitsa. The number of guns captured in the present offensive is now more than 350."

"AMERICAN WOMEN MUST BE PART OF RULING DEMOCRACY"

—WOODROW WILSON.

(Continued from Page 1.)

ate that the resolution's adoption could not affect the result of the war because the war probably would be over before the proposed constitutional amendment would become effective.

California Speaks. Senator Phelan of California, Democrat, referred to the President's action as a "compliment" to the Senate, declaring that the executive should answer the question of Senator Bonet of South Carolina as to whether the resolution was a war measure.

Phelan called upon the Senate to respond to the President's appeal, while Senators Smith of South Carolina and Beckham of Kentucky, both Democrats, insisted that the resolution was not a war measure.

Debate is expected to close early tomorrow, as only a few senators have indicated a desire to speak.

They include Senator Martin of Virginia, Democrat, who reported to have disclosed his position on the resolution, but who has been counted by opposition leaders as among their forces. Senate leaders hope to reach the final roll call before adjournment.

President's Address.

"Gentlemen of the Senate: The unusual circumstance of a world war in which we stand and are judged in the view not only of our own people and our own consciences, but also in the view of all nations and peoples with it, hope, justify in your thought as it does in mine the message I have come to bring you.

"I regard the concurrence of the Senate in the constitutional amendment proposing the extension of the suffrage to women as vitally essential to the successful prosecution of the great war of humanity in which we are engaged. I have come to urge upon you the consideration which have led you to the conclusion that it is not only my privilege, but it is also my duty to apprise you of every circumstance and element involved in this momentous struggle which seems to me to be its very process and its outcome. It is my duty to win the war and ask you to remove every obstacle that stands in the way of winning it.

Question of Method. That the Senate would concur in the amendment by a vote of no disputable principle is involved, but only a question of the method by which the suffrage is to be extended to women. There is and can be no party issue involved in it. Both our great political parties are pledged, explicitly pledged, to equality of suffrage for the women of the country. Neither party, therefore, it seems to me, can justify hesitation as to the method of obtaining it, can rightfully insist on the extension of the suffrage by a party platform of its own initiative, if the early adoption of this measure is necessary to the successful prosecution of the war and if the method of state action proposed in this party platform is the most practicable, within in any reasonable length of time, if practical at all. And its adoption is, in my judgment, clearly necessary to the successful prosecution of the war and its successful realization of the objects for which the war is being fought.

War of Whole People. "That judgment I take the liberty of urging upon you with solemn earnestness, for reasons which I shall state very fully and which I shall hope will seem to you as conclusive to you as they seem to me.

"This is a people's war and the people's thinking constitutes its atmosphere and moral, and the political of the nation and the political of the world to democracy. If we are indeed democrats and wish to lead the world to democracy, we can ask other peoples to accept, in proof of our sincerity and our ability to lead them, the same principles which we have led them to accept. Our professions will not suffice. Verification must be forthcoming when verification is asked for.

And in this case verification is asked for—asked for in this particular matter—asked for by whom? Not by foreign diplomats; not by foreign ministers. It is asked for by the anxious, expectant, suffering, people who are willing to put their destinies in some measure in our hands. If there are some of us who wish the same things that they do.

Women as Shareholders. "I do not speak my conjecture. It is not alone the voices of statesmen and of newspapers that reach me and the voices of foolish and intemperate agitators do not reach me. Through many, many channels I have been made aware of the plain, struggling, work-a-day folk are thinking, upon whom the chief terror and suffering of this tragic war falls. They are looking to the great, powerful, famous democracy of the west to lead them to the new day for which they have so long waited, and they think, in their logical simplicity, that democracy means that women shall play their part in affairs alongside men and upon equal footing with them.

They have seen their own government accept this interpretation of democracy—seen old governments like that of Great Britain, which did not profess to be democratic, promise readily and as of course, to lead to women, though they had before refused it. The change, revelations of this war having made many things

organized and minus its staff, being thrown into the battle of the Argonne. Thursday, a German reserve division was entraining from Alsace after a rest from the Marne fighting for Flanders. The Germans, as it was known, that an attack had been begun between the Meuse and the Argonne, were ordered to the Argonne front in an effort to stem the American advance. The different units became separated owing to the confusion on the railroad and the German staff and five machine gun companies and much equipment continued in the direction of Flanders. Among the German units arriving on the Argonne front were many machine gun units without their machine guns and these men went into battle as infantrymen. At last accounts the Germans were making desperate efforts to bring up the half of the division which went astray.

In the region of Dun-Sur-Meuse, ten trains of troops are reported to be stalled owing to the lack of locomotives. Whether these troops are bound for the Meuse and Argonne front the American observers have been unable to ascertain.

French and American long range guns now are bombing Dun-Sur-Meuse, where numerous German divisions have been constructed. Observers have reported great confusion among the German troops as a result of the fire of the long range pieces. The Germans are not large enough to furnish shelter for all the troops concentrated in the region of Dun-Sur-Meuse.

new and plain to governments, as well as to people.

Take, Without Return? "Are we alone to refuse to learn the lesson? Are we alone to ask and take the utmost that our women can give service and sacrifice of every kind and say we do not see what title that gives them to stand by our sides in the guidance of the affairs of their nation and ours? We have made partners of the women in this war; shall we admit them only to partnership of suffering and sacrifice and not to a partnership of privilege and right?"

"This war could not have been fought either by the other nations engaged or by America, if it had not been for the services of the women—services rendered in every sphere—not only in the fields of efforts in which we have been accustomed to see them work, but wherever men have worked and upon the very skirts and edges of the battle itself. We shall not only be distrustful but shall deserve to be distrustful if we do not enfranchise them, as it is the surest way to give them other great free nations will enfranchise them. We cannot isolate our thought and action in such a matter from the thought of the rest of the world. We must either confirm or delicately reject what they propose and resist the leadership of liberal minds to others.

Will Not Slack. "The women of America are too noble and too intelligent and too devoted to be slackers whether you give or withhold this thing that is more justice, but I know the matter is at work in their thoughts and spirits if you give it to them. I promise it as I would propose to admit soldiers to the suffrage, the men fighting in the field for our liberties and the liberties of the world, were they excluded. The task of the nation lies at the very heart of the war, and I know how much stronger that heart will beat if you do this thing and show our women that you trust them as much as you in fact and of necessity depend upon them.

"Have said that the passage of this amendment is a vitally necessary war measure, and do you need further proof? Do you stand in need of the trust of other peoples as of the trust of our own women? Is that trust an asset or is it not? I tell you plainly as the commander-in-chief of our armies and of the gallant men in our fleets, as the present spokesman of this people in our dealings with the men and women throughout the world, who are now our partners, as the responsible head of a great government which stands and is questioned day by day as to its purposes, its principles, its hopes, whether they be serviceable to men everywhere or only to itself, and who must himself answer these questions or be ashamed, as the guide and director of forces caught in the grip of war and by the war, as the possessor of every material and spiritual resource this great nation possesses—I tell you plainly that this measure which I urge upon you is vital to winning of the war and to the energies alike of preparation and of battle.

After War Problems. "And not to the winning of the war only. It is vital to the right solution of the great problems which we must settle and settle immediately, when the war is over. We shall need their moral vision of affairs, as we have never needed them before, the sympathy and insight and clear moral instinct of the women of the world. The problems of that time will strike to the roots of many things that we have not hitherto questioned, and I for one believe that our safety in the future depends upon the well as our comprehension of matters that touch society to the quick will depend upon the direct and authoritative participation of women in our councils. We shall need their moral sense to preserve what is right and fine and worthy in our system of laws as well as to discover just what it is that ought to be purified and reformed. Without their counselings, we shall be only half wise.

"That is my case. This is my appeal. Many may deny its validity if they choose, but no one can brush aside or ignore the arguments upon which it is based: The executive ranks of this war rest upon me. I ask that you lighten them and place in my hands instruments, the spiritual instruments, which I sorely need and which I have daily to apologize for not being able to employ."

FIVE BATTLES ALL AT ONCE

PARIS, Sept. 30.—Marshal Foch is fighting five battles simultaneously and successfully, a feat unparalleled in the history of war. Each battle is so timed and placed that each army supports another, all forming an indispensable part of the whole effort.

General Grant's idea of a continuous, unbroken attack by a multiplicity of forces on many fronts is being realized by the Allied generalissimo. There are five battles today; there may be more tomorrow, all inter-relating and working as smoothly as the cylinders of a well-adjusted automobile engine.

All are directed to the same end—to wear down the enemy's strength. Marshal Foch alone knows when the Allies will strike the decisive blow.

The enemy is still fighting well. He is still offering splendid resistance west of the Argonne, but how long can he keep it up?

Experts agree that the enemy's withdrawal to a shorter line, probably that of Antwerp, Brussels, Metz and Metz, is imminent. Some believe he has hung on too long and that he will have great difficulty in preventing his retreat from degenerating into a rout.

Dozen Divisions Wasted. An examination of one section of the 22-mile front on which General Gouraud is attacking in the Champagne, will give an idea of the German waste. On the eve of the attack, General Ludendorff reinforced the defenders with two or three divisions. After two days' fighting, he threw in ten more divisions. These twelve or thirteen divisions have been used up on a front of twenty-two miles only.

The soberest and most conservative observers here consider that yesterday marked the first step in the decisive phase of the war. The Belgians are close to Ronsard, the British marching on the Lys will cut off the enemy's supply line in going to places at two vital points, namely, Cambrai and St. Quentin; La Calotte, the central pillar of the Hindenburg system, is outflanked; General Maunin is driving the enemy north of the Chemin des Dames; General Gouraud is at the gate of Chalons; and on his way to Yvois, the key to the lateral railroad communication of the Germans. Moreover, during the last week the Allies on the western front have taken more than 100,000 prisoners.

After War Problems.

"And not to the winning of the war only. It is vital to the right solution of the great problems which we must settle and settle immediately, when the war is over. We shall need their moral vision of affairs, as we have never needed them before, the sympathy and insight and clear moral instinct of the women of the world. The problems of that time will strike to the roots of many things that we have not hitherto questioned, and I for one believe that our safety in the future depends upon the well as our comprehension of matters that touch society to the quick will depend upon the direct and authoritative participation of women in our councils. We shall need their moral sense to preserve what is right and fine and worthy in our system of laws as well as to discover just what it is that ought to be purified and reformed. Without their counselings, we shall be only half wise.

Art Needlework Instruction by Prof. Shaw

We have with us Prof. H. Vance Shaw, known all over the United States as a marvel in all lines of embroidery. His designs are original and instructions entirely free. All you are expected to do is to purchase your linen here, and Prof. Shaw does the rest. Take advantage of the opportunity offered by our Art Department and make at least one piece of this beautiful work.

URGE EXEMPTION OF U. S. ARTISANS

SAN FRANCISCO, Sept. 30.—The necessity of drafting for the army only unskilled shipyard workers, leaving skilled artisans at their present jobs was urged upon a meeting of representatives of California shipyard draft boards here today by officials of the Emergency Fleet corporation.

The conference, called to determine policies affecting labor within the extended area limits of the new draft, was addressed by Howard Huntington of Los Angeles and B. H. Brotherton and Samuel Spring of San Francisco, representing the United States shipping board.

"Twice as many ship workers will be called under the new draft," said Brotherton, assistant general manager, C. E. Williams of Sacramento, and State Senator Henry W. Wright of Los Angeles, district board officials, explained difficulties faced until the changed conditions.

RUSH OF LIBERTY BOND BUYERS ALL OVER STATE

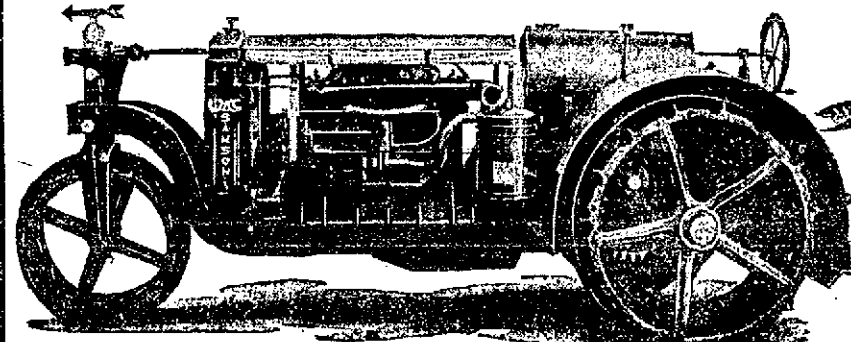

(Continued from Page 1.)

Germany after the war "that will make the French Revolution look like a Sunday school picnic."

"There is no one in Germany, to start a revolution now," he said, but the returning soldiers will demand an accounting, and having so lately emerged from savagery they will strike hard."

The reported defection of Bulgaria from the Central Alliance was a splendid victory for a re-established east front, Mr. Gerard said.

ASK THE MAN WHO KNOWS

GMC TRACTORS

SAMSON TRACTORS

MODEL 5-25

Is pleasing thousands of owners. It will please you. Designed for service, simply, correctly and honestly constructed, it has more than made good the claims of its manufacturers. As a result, the demand is constantly increasing.

Why experiment when you can secure a tractor, time-tested, that has demonstrated its ability to meet all tractor requirements on the farm successfully, from plowing and cultivating to the hundred and one odd jobs?

It has firmly established a record for strength, durability and economy and great simplicity of construction and operation.

It performs the work of ten horses and does it better, more economically and quicker, day in and day out.

Makes our display your headquarters at the Fair.

BIG SEASON FOR MUSICAL CLUB OPENS SOON

Sale of Seats Begins at
White Theater
Tomorrow

First Artist Concert Is
Scheduled for Octo-
ber 21

The sale of seats for the season's list of artist concerts for the Fresno Musical Club will commence tomorrow at the White theater. Never in any previous season has the club been able to be so prolific in its offerings. War conditions have kept within the national boundaries a glorious array of talent, which has given the western managers a wonderful field from which to make their choice.

There will be nothing of monotony on any of the season's programs for on few of them will a single artist be featured.

On Monday, October 21, the first concert of the season will be given at the White theater, a joint recital of Miss Anna Fetz, with Andrea de Seguro, in costume.

Another very spectacular attraction will be the concert of the Trio of Luce, in conjunction with Lucie Gates, American musical star, of meteoric career.

When it is announced that George Barrere, the noted flutist who is well known in Fresno from his engagement with the local musical club with the Barrere Ensemble, interest in the coming attraction will be doubled. With Mr. Barrere in the trio are Carlos Salzedo, who is the harpist "without a peer," as press clippings have proclaimed, and also Paul Kiefer, cellist, who for five years was the solo cellist with the New York Symphony Orchestra.

Aside from her musical talents, Miss Gates is considered one of the most beautiful women on the concert stage. As a prima donna in the Imperial Opera in Germany, she decamped with the opening of hostilities leaving nearly everything in the exodus. She landed here with, as she says, "forty cents and fifty good intentions." Then began a hard, hard struggle. It was some time before she could get any sort of hearing, and when she did it was in a restricted manner, before judges. Those who heard her, especially musicians, were enthusiastic, but the inevitable reply was, "You are an American and poor; the chances for success are against you." Her big chance came, however, on the occasion when Miss Galli-Curci was in make her first appearance near New York and ten thousand had gathered at the Newark, N. J., festival. The Italian diva was indisposed; the American diva per contra was very much disposed. It was a furore.

Five other times in the same season this alert and gifted American girl replaced Galli-Curci, with immediate re-arrangements. Her fame, once begun, spread, and a critical controversy as to who was the greater, Galli-Curci or Lucy Gates, started in the New York newspapers, flamed the flame, with the result that she is now shooting from one end of the country to the other in true meteoric fashion.

WELFARE DEPT. MAKES REPORT

The monthly report of the Fresno county department of public welfare shows 160 cases handled during August, 135 of which were hospital and 25 of which were relief. The causes of destitution reported as follows: Illness, 9; death of breadwinner, 3; unemployment, 6; desertion, 3; old age, 2; delinquency, 1; parents working during fruit season, 1. Miss Estelle Lewis, executive secretary, stated yesterday that it was interesting to note that more than half of the 25 relief cases were United States. "One would think," she said, "that the majority of the cases would be of foreigners, but not so. 15 of the 25 cases of relief were of the United States."

The following nationalities were found: United States, 15; Mexico, 4; Germany, 2; Portugal, 1; Japan, 1; Russia, 1; Greece, 1. Relief was given in twelve cases, refused in four, while in seven instances relief was found unnecessary, and in two cases no relief was found necessary at present. Hospital cases were filed as follows: Pay, \$1. free; and refused, 1. The total collections for the month were \$357.25, of which \$28.95 was hospital, \$234.40 board, with a \$5 refund. The number of old cases on hand was 552. Six children were committed by the court and three were boarded during the month. The department nurse made 196 sick and investigation calls, while the children's agent made 82 calls and investigations in boarding homes.

WAR CONSTRUCTION COMMITTEE MEETS

Officers of the new non-war construction committee were established at the Cory building yesterday, and the committee met and organized plans for putting the instructions of the government regarding construction during the war into operation.

The committee appointed by the State Council of Defense consists of H. A. Pratt, chairman; Thomas E. Risley, secretary; and William Newman. The committee reported that the plan No. 1, which outlines their duties, had been received. A delegate to each of the municipalities of the county was appointed by the committee.

The duties of these delegates, it was stated, are to receive requests from contractors and others for building permits, and the requests are forwarded to the non-war construction committee in Fresno. The committee then passes on them. If the committee approves of the proposed construction it is then sent to the State Council of Defense in San Francisco, and if it meets with approval there it is sent to Washington, where if it is approved it is O. K'd and returned to the local committee to be put into execution.

Secretary Risley said there were certain classes of work for which it was unnecessary to go further than the local committee to pass on all construction work. It was pointed out that farm buildings up to the cost of \$1,000 will be dealt with by the local committee without the necessity of going to Washington for approval.

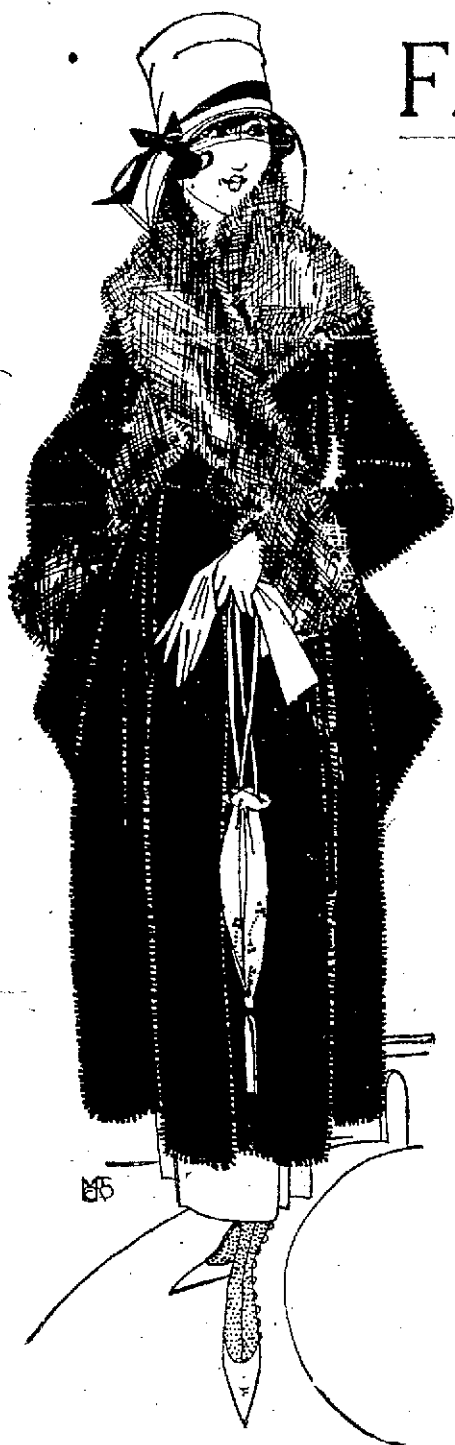

\$32.50 for 2-ton wagon gears. Just a few left. W. J. O'Neill Co.

The Wonder

A Store of Women's Fashions

TO OUT-OF-TOWN visitors THE WONDER extends cordial welcome. Here they will find opportunity to view fashionable apparel for the coming season in variety, possibly with very few exceptions, not excelled by the largest stores on the Pacific Coast, and priced lower in most instances than in the larger city stores. We especially invite them to visit the store, to see the beautiful French rooms, and to observe the facilities of this establishment that has made it a factor of no small consequence in the field of women's fashions.

HITCH POSTPONES SOLDIERS' ARRIVAL

Location of the soldiers at the Fresno State Normal school for training has been postponed for probably a few weeks on account of changes to be made in the estimates and plans, according to an announcement made yesterday by President L. McLane. President McLane said that in the former proposed contract with the government no mention was made of arrangements being made for cooking and serving meals for the men, as it was understood that this department would be under the control of the quartermaster department of the army. The estimates of the Normal school were based on this arrangement, he said, but word was received from Washington stating that the men would be located at the school are to

devote their entire time to the special training in radio work and telegraphy. This new estimate, President McLane said, a little delay in making the new estimates. He stated that the men would probably be located in the course of a few weeks.

CIVIC LEAGUE TO MEET.
Next Monday at the Y. W. C. A. the Civic League will hold its first meeting of the season at 5 o'clock, when plans for the winter will be discussed. All women interested in the social and political betterment of the city are invited to attend the meeting. A course of study has been arranged for the promotion of citizenship, and a number of war activities will be taken up during the winter. Mrs. T. J. Penfield is president of the league.

Twa Mouthfu's o' Naething

Corporal James Bonnar,
Born in Sunshineville,
Gassed in France;
There's pages there
O' braw readin';
There's th' history
O' a young American
Wha made gude;
There's th' record
O' a life
Worth while;
He grew oop
In th' valley
O' th' San Joaquin
An' loved it a'—
Its fertile fields
An' its wide wastes,
Its vineyards,
An' its orchards,
Its snawy mountains.
Thot hap it in
Frac chillin' blasts,
Th' summer sun
Thot bathes it
In healthfulness,
Its blossom time
An' its time
O' gudely harvest.
Its promises
An' its performance.
An' maist o' a'
Th' decent folk
Wha dwelt in it
An' ca'd him their frien';
He loved it a'
Fir it was a pairt
O' th' country
Thot he loved
An' ca'd his ain.
An' when tales cum tae him
O' th' Hun beast,
Thot was crawlin'
Ower th' bleedin' breast
O' bonnie France
An' threatenin'
Tae fix his slimy teeth
An' blude-filthd claws
Intae th' hert
O' America,
He tike his place
Wi'ither lads

Like himsel'
An' crossed th' seas
Tae take a mon's pairt
In stappin' th' monster.
A mad dog
Disna stae easy
An' mile be mile,
Th' Allied armies
Were forced back
Till a' th' world
Held its breath
In dread,
An' then th' day cum
When th' khaki'd lads
Frac America
Gaed ower th' tap
At Chateau Thierry
An' stapp'd th' Huns
In their tracks
An' storted them back
On th' lang retreat
Thot will never end
Till they're whipped.
An' Jamie Bonnar
Gaed ower thot tap
Wi' th' others
An' did his share
Like a mon
Till his lungs filled
Wi' Hun gasses
An' he drapp'd.
He tells tales noo
O' sicth he saw
Wi' his ain e'es
Thot tear yir soul
An' fill yir hert
Wi' a cauld hate.
An' make ye ken
Why th' lad chafes
At th' oorders
Thot sent him back
Tae his ain hame
Fir recovery.
An' why he prays
Fir thot day
When he may gae back,
An' wi' gien an' bayonet.
Make gude Huns
Oot o' some he missed
At Chateau Thierry.
Yir Frien'
SCOTTY.

GUIDE READY FOR
USE OF SHIPPERS

The Fresno Traffic Association has just issued to members the new shipping day guide for less than carload freight. This plan, which became effective September 16, has been adopted for the receiving and shipping of less than carload freight at San Francisco, Oakland, Sacramento, Stockton, San Jose, Fresno and Los Angeles, and in its adoption it is the idea of the railroad administration to avoid discriminations between these shipping points or to give one place any advantage over another. Therefore, in putting these shipping days into effect it is intended to maintain to each of the places named, the advantages of their geographical location as relates to distance to destinations, same as has existed under the daily receiving and shipping of freight to all points heretofore in effect.
The list compiled by the traffic association covers stations on the A. T. & S. P. railway and Southern Pacific company between Stockton and Hanford inclusive, including branches, and the Yosemite valley railroad, and Sunset and Visalia electric railways, also San Francisco, Oakland, Sacramento, San Jose and Los Angeles.
The guide states that "less-than-carload freight will be received on regular shipping days only, except that, where

a shipping day falls on a holiday, when the freight station is closed, such shipment will be accepted on the preceding working day." Further, "Shippers at stations where regular shipping day schedule is in effect can assist by notifying their customers on what days shipments will be forwarded and by bringing their goods for such points to the freight station on the days specified." Also arrangements in effect at certain stations, restricting the acceptance of less-than-carload shipments of naphtha, gasoline, acid in carboys, benzine, explosives, etc., will remain the same.
The shipping day plan was inaugurated by the railroad administration for the purpose of conserving freight cars during the war. Heretofore, the railroads have received for shipments freight for all points, daily. In the shipping day system, the administration seeks the co-operation of every shipper.

Further information regarding the shipping day plan may be obtained from Frank M. Hill, manager of the traffic association.
"What do you think of that girl who wears fur around her neck every time she dresses up?" asked Mrs. Cortes. "Let her alone!" exclaimed the farmer. "We can point to her as proof of our statement that this is one of the coldest climates on earth."—Washington Star.

About 3000 wooden trays to rent, W. P. Toomey, Phone 137.

TO CLOSE STORES
FOR FRESNO DAY

All Fresno stores will close on Wednesday at noon in honor of Fresno Day at the county fair, in accordance with a recommendation of the Merchants' Association of Fresno at a meeting held yesterday.
Secretary L. J. Allen of the Merchants' Association said that it had hitherto been the custom of the merchants of the city to close at 12 o'clock on Fresno Day at the district fair. The association urges all the merchants to attend the fair.

YEAR FOR SEDITION.
SACRAMENTO, Sept. 30.—John L. Guggolz of Lodi, Cal., convicted of sedition, uttered a sentence to day in the United States district court here to serve one year in the Sacramento county jail and pay a fine of \$1,000.

SOCIETY

Friends of Mrs. Arch Jack have been much interested in the recent announcement that she has accepted the invitation sent from France, to become one of the entertainment committee of the V. M. C. A. "over there," and that interest will be quickened by the augmented announcement that she received here orders yesterday to be ready to sail from New York at the end of October. This will necessarily mean a departure from Fresno in about three weeks, so the intervening space of time will be made very busy for the departing singer, who claims such a host of friends to be glad with her over the wonderful opportunity which has come to her.

Mr. and Mrs. Robert Skelley and little daughter, Jane Paxton, who have been the week-end guests of Mrs. Skelley's mother, Mrs. George P. Beveridge, will leave today for their home in Riverside.

Mr. and Mrs. H. Wingate Lake returned yesterday from San Francisco, where they have been spending the week-end.

Mr. and Mrs. W. W. Phillips came down from Berkeley for a short sojourn in Fresno.

Fresno friends of Miss Verna Aldrich of Los Angeles, who made this city her home several years ago, will be interested in her recent success as a scenario writer. Her first attempt, which has the temporary title, "The German American," is now being produced by the Triangle Company, and in the production is being starred Olive Thomas (Mrs. Jack Pickford). Frank Borzage is directing the production, and the role of leading man has been assigned to Joe King.

Miss Aldrich is a sister of Mrs. J. W. Warner of this city.

The household of Mr. and Mrs. Frank Short, Jr., was yesterday gladdened by the arrival of a little son, who is to be christened Frank Hamilton Short, III.

The Harmony Sewing Club will be entertained this afternoon by Mrs. J. C. Moreland at 2:30 o'clock, at a business meeting.

The Woman's Foreign Missionary Society of the First M. E. church will meet in the church parlors this afternoon at 2:30 o'clock.

Walter Stammer, who has been in Washington, D. C., for some months in the service of the U. S. Food Administration, left last night after a short visit in Fresno. He is en route to Camp Zachary Taylor, Louisville, Kentucky, to enter the school of field artillery.

Mrs. J. L. Maupin returned last night from San Francisco, where she has been sojourning during the summer.

Corporal Harry Hatch returned to Camp Kearny, San Diego, yesterday after a several days' sojourn in Fresno.

The Fresno Relief Society will hold a meeting this afternoon at 2:30 o'clock in the reading room of the Young Women's Christian Association.

It was a congenial group of High school girls who enjoyed the week-end together as members of a sort of progressive house party. A dinner on Friday night was featured at the home

of Miss Ruth Wahlberg, and on Saturday night at the home of Miss Bernice Dismukes, while a luncheon on Saturday was given by Miss Lois and Carol Graham, and slumber parties were featured at the Wahlberg and Dismukes residences. Saturday evening was hostessed by Miss Marian Cleary.

Among those who shared in the joviality of the week-end were Misses Marian Cleary, Carol Graham, Lois Graham, Mildred Moore, Viola Jacobsen, Ruth Wahlberg, Mildred Dismukes, Bernice Dismukes, Hazel Qualls, Cora Qualls.

Friends of Mr. and Mrs. Frank Sayre of Sanger are congratulating them upon the arrival of a little son in their household on September 27th.

Corporal James Bonnar was the guest of honor at a dinner given by Mr. and Mrs. A. S. Jones at their residence at 943 U street last night. Those present were Corporal Bonnar, Mr. and Mrs. A. S. Jones, John Bonnar, Miss Isabelle Bonnar, Miss Helen Bonnar, Mr. and Mrs. A. P. Dron, Miss Gladys Dron and David Anderson.

The Ladies Aid Society of the First Presbyterian church will meet this afternoon at 2:30 o'clock in the church parlors, with members of the Golden Hour Circle as hostesses.

Denver Harris, son of Mr. and Mrs. J. R. Harris of First street, returned to Camp Kearny last night after a five-day furlough with his parents. On Saturday evening, a group of twenty-five of his friends assembled at the home of his sister, Mrs. Sidney Bearon, on First street, for an informal reception. Mr. and Mrs. Harris have another son, Clayton Harris, who is stationed at Camp Lewis, Washington.

The Evangelical Circle of St. Paul's M. E. church will meet on Thursday afternoon at the home of Mrs. W. B. Holland on Fortmeade avenue.

Mr. and Mrs. Arthur Goodfellow and little daughter have returned from San Francisco, where summer headquarters were established at the Fairmont hotel. Mr. Goodfellow recently returned from a trip to Arizona.

Fresno Circle of the Northside Christian church will meet at the home of Mrs. A. H. Hancock, 627 Blackstone avenue, at 2:30 o'clock this afternoon, to plan the work for the winter.

The Woman's Missionary Society of St. Paul's M. E. church will meet this afternoon at 2 o'clock in the Sunday school room. After its regular business a patriotic program will be given. Mrs. Arch Jack and Mrs. Hazel Kittrell to contribute numbers. A special invitation is extended to mothers whose sons are represented on the service flag of St. Paul's church.

Mrs. Roy Woodward was hostess at a very delightful meeting of the Friday Afternoon Sewing club yesterday, entertaining at her home on Home avenue. As this was the first meeting of the after vacation season, the meeting was one of unusual pleasure. The club is devoting its afternoons to knitting for the soldiers.

SUPERIOR COURT NOTES

Mrs. Alfreda Verwoert was given judgment in superior court yesterday in a suit against Harry R. Minor, for \$180, due on a lyeum bureau contract. H. A. Savage was attorney for Mrs. Verwoert.

An interlocutory decree of divorce was granted Sarah E. Hensley, from J. M. Hensley. Another was granted Elmer L. Sadler from Virginia Mamie Sadler.

UNIDENTIFIED MAN KILLED BY TRAIN

An unidentified man was killed by extra freight train No. 1640 about 3 o'clock yesterday afternoon just after leaving the yard at Fresno to make a trip to Bakersfield. The accident took place near Monterey street just behind Madary's new planing mill.

The body was severely mangled, the left arm and the left leg being completely severed from the body. Death was apparently instantaneous. The man was unobserved by the train crew, it is stated, and seemed to have been trying to board the freight. No means of identification were found on him save a small notebook which seemed to indicate that he had worked for a Mr. Nickerson at Merced. The coroner was apprised of the accident and had the remains removed immediately to the morgue. The inquest will be held some time today.

The crew in charge of the train were Conductor Daniels and Engineer A. P. Grumacher.

JUDGE LENNON IS FRESNO VISITOR

Judge Thomas J. Lennon, candidate for associate justice of the Supreme Court, was here yesterday for a number of days and, for the first time, the northern part of the San Joaquin Valley, was in Fresno yesterday for a short while, renewing acquaintances.

High School Activities

Incomplete returns from the liberty bond canvass of the faculty of the Fresno high school shows \$5,200 subscribed. Miss Pearl M. Small, C. E. Owen and Hiram Peters of the faculty were the committee to obtain the subscriptions, while Lawrence Young, chairman, with Anne Dick, Cecile Curtis, Herbert Huebner, Norma Cobb, William Thomas, Kathryn Calhoun, Wilfred Hunkins and Kathryn Bramcamp as a committee, were appointed last week by Principal Smith to canvass the entire school.

This morning an assembly of girls has been announced when Miss Florence Robinson, Miss Lucy Thomas of the faculty and Miss Myrtle Russell, girls' work secretary of the Y. W. C. A., will be speakers. The topic of discussion will be matters concerning the Red Cross, and training for nurses. Miss Russell is scheduled to speak on the girl reserves of the Y. W. C. A.

At the first meeting of the senior class yesterday afternoon nominations were held for officers for the coming term, the following being nominated: President, Edward Crawford; vice-president, Thatcher Balch; Clarence Kinchloe; Mary Elizabeth Fox; secretary, Cecile Curtis; Helen Thomas; treasurer, Hubert Bryant; auditor, Dorthea Kearns; faculty, Wm. Otto, Miss Cesana, Marie Bradford, Annie Durkee. The election will be held on Thursday of this week at the high school.

Try-outs for the junior four-minute speakers for the contest at school Thursday are to be held Wednesday afternoon. T. J. Penfield, head of the English department is in charge of the four-minute speaking, with the following students on a committee for arrangements: Herbert Huebner, Claude Minard, Clarence Kinchloe, John Hagopian and Lawrence Hall. The topic of the speeches is the fourth Liberty loan and the contests will be held before the student body and competent judges.

J. W. Warner, football coach of the high school, stated yesterday that there is a time opportunity for new men in football this year. Graduation and enlistments have taken most of the old football men, and if enlistment in the navy is thrown open, still more will be taken. As it is, therefore explained.

are only three of the men from last year's team left.

This year's material is composed entirely of new and light men. There is practice every evening at Holmes playground, and much is expected of the team this year under the leadership of Captain Andy Ferguson.

RAISIN SITUATION CRITICAL, REPORT

With raisins in a most critical state, farmers passed a watchful and anxious night. While the showers up to yesterday had done little damage to the raisins, if the rain continues it will be decidedly harmful, according to the statement of W. E. Bonnett, weather forecaster.

By 5 o'clock yesterday measurable rain had not occurred at any reporting station. Several showers in Fresno did not total a measurable amount. Bonnett stated yesterday that there was nothing in the barometric indications to account for the unsettled threatening state of weather.

The thunder, lightning and showers of the last few nights prevailed also during last night. More sunshine is likely on Tuesday but the humid, sultry state of the weather probably will continue with little change in temperature.

BANK CLOSES DOORS

SANTA ROSA, Cal., Sept. 30.—After having been in business for thirty-five years, the Santa Rosa National Bank and the Union Savings Bank, affiliated institutions, failed to open their doors today. Announcement was made by the directors that the banks were closed because of temporary financial embarrassment and that the Union Savings would open again in a few days. The national bank was in the hands of the government bank examiner, but would pay all deposits in full, more will be taken. As it is, therefore explained.

REMOVES STAINS EASILY

Ordinary soap won't take out stains. But soap and naphtha work wonders where most cleansers fail.

Just try Fels-Naptha soap on grease stains, blood stains, paint stains, milk stains, etc. The results will please you.

In the red and green wrapper at your own grocer's.

A STITCH IN TIME SAVES NINE

We all say this, but few act on it. Do not injure your eyes by postponing the use of glasses, for you can easily harm them beyond remedy.

Lenses cannot restore wasted nerves, or worn out muscles, but they will give normal vision where the eyes are not permanently injured, and will prevent both nerves and muscles from degenerating. If you are conscious of the least strain in seeing at a distance, or in reading, have your eyes examined at once, and purchase proper glasses.

I am qualified by sixteen years' experience to do this work for you.

Out to-day New Victor Records for October

Brilliant new duet by Caruso and De Luca

A highly dramatic number from Forza del Destino. These two great voices blend with wonderful effect and result in a record of extreme beauty.

Victrola Red Seal Record 57057. Twelve-inch, \$4.

Gluck and Zimbalist present "The Lost Chord"

Sir Arthur Sullivan's beloved old song touched to fire by the glory of Gluck's voice and the pathos of Zimbalist's violin.

Victrola Red Seal Record 58393. Twelve-inch, \$3.

"The Dance of the Goblins" by Jascha Heifetz

A violin solo that fairly dazzles by its brilliancy—that displays the amazing technique of Heifetz.

Victrola Red Seal Record 74570. Twelve-inch, \$1.50.

Victor Herbert's Orchestra plays two delightful numbers.

Two appealing wartime songs by Reinald Werrenrath.

"Good-bye, Alexander" cleverly sung by Marion Harria.

Four Good Dance Numbers.

Two Spirited Band Marches.

Seven Stirring Soldier Songs.

Four Breezy Popular Song Hits.

Hear these new Victor Records to-day at any Victor dealer's. He will gladly give you an illustrated booklet describing these new records and play any music you wish to hear. Sanger Voice Culture Records are invaluable to vocal students—ask to hear them.

Victrolas in great variety from \$12 to \$350.

Victor Talking Machine Co., Camden, N. J.

Important Notice. Victor Records and Victor Machines are scientifically coordinated and synchronized in the processes of manufacture, and their use, one with the other, is absolutely essential to a perfect reproduction.

New Victor Records demonstrated at all dealers on the 1st of each month.

"Victrola" is the Registered Trademark of the Victor Talking Machine Company designating the products of this Company only.

TAX BILL FOR YEAR 1918-19 IS PLACED AT \$1,182,987.53

Charges Over \$425,000 to
Tax Collector for the In-
corporated Areas

Inform State Controller
of Increase; Mail Bills
After October 15

Fresno county's non-operative state and county taxes this year will amount to \$1,182,987.53, according to the report of Auditor C. E. Barnum to State Controller Chambers. The tax for the county, inside the incorporated cities, amounts to \$425,000, and for outside the cities to \$1,182,987.53.

The taxes last year summed \$348,342.14 for inside cities and \$1,028,989.35 for outside the cities. The reasons for the increase are found in the increased valuations, and more especially in the increase in rates to meet the 1918-1919 budgets. The rate this year was raised 20 cents by the supervisors after a survey of conditions, and are \$1.50 in the county and \$1.45 in the cities.

The above figures were returned to the state as charged to the tax collector. Tax Collector Ray W. Baker said yesterday that he would begin mailing out tax bills about October 15. The amounts have been written in on the bills, but have not yet been totaled. There are 33,225 bills all ready, and several thousand more are to be prepared.

Sergeant Fine Sees France and Writes Captain

"I got some record for getting to France," writes Sergeant Joseph Stanley Fine of the 6th Engineers, formerly of the 10th separate company, National Guard here. "I enlisted May 28, transferred to the engineers, Laurel, Md., May 31, arrived June 6—a buck private. Was made sergeant June 1, left the States June 20 and reached French soil July 19, and was recommended for second lieutenant August 13.

"Training in advance of entering the service is a wonderful help. I will never regret the time spent under your supervision. Even now I keep on studying military tactics—for there is no limit for the man who can produce the goods.

"Captain Ray Bishop, once of the 5th Cavalry, is near by. Chas. Troze and Leslie Drew of the Y. M. C. A. are close by.

"Ray (Sergeant Ray Carlisle) gets the Republican, and I look note that you were in the July fourth parade. Could I ever forget that stride of yours? I noted the familiar figure of Mayor Toomey also.

"I know you would be interested to know that I have been on the famous battlefields of Nampont.

"I saw the list of draftees for July and some of the names are of those we tried so hard to get in touch with to give a little training in advance. When they are in the service a while they will wish they had trained.

"I'll be pleased to meet you over here.

"Your old,

"SERGEANT FINE."

Sergeant Carlisle also writes to Captain Gallagher:

"We are having a fine time over here. It is not a thing like one expects, but entirely different. You found assembling 'books' for the draft some job, didn't you? I see that Major Jones is going in for a commission in the United States Guards, and hope he makes it for he sure wants to do something for the good old country.

"All the talk you hear about what a man can do and what he can't do over here is 'bull'—it's just the same as at home. They talked to me of bringing my cornet. Said that I couldn't bring it across. And I have had many a 'cussing' for not bringing it. About all you can't have over here, is your wife and camera.

"I am a representative of the 'Stars and Stripes,' which you know. 'Well, I must close and go to do some 'squads east and squads west' for a while."

UNIVERSITY OPENS AS SCHOOL OF WAR

BERKELEY, Cal., Sept. 30—Under conditions unique in its history the University of California opened today, virtually as an institution for education in the ways of war. Newspaper extras announcing the virtual surrender of Bulgaria were received just as the ceremony was begun and there was a demonstration.

President Benjamin Ide Wheeler devoted his address of welcome to a discussion of the motives of this country in entering the war and in emphasizing the great part those who heard him will be called upon to assume in world affairs.

More than 8,000 students and men in uniform will use the campus during the coming semester, according to President Wheeler's announcement.

Steps upon one application of Smith's Dandruff Pomade: 3 to 6 remove all dandruff. At all druggists and Smith Bros. Drug Store.

—Advertisement—

All Registrants Must Watch for Questionnaires

Questionnaires are being mailed each day to ten per cent of the total number of draft registrants in Fresno city and county between the ages of 19 and 29, inclusive, and 32 and 35, inclusive.

Each registrant is allowed by law seven days from the date of the mailing of his questionnaire to return it, properly filled out, to his Exemption Board.

All registrants are urged to consult attorneys named by the Bar Association before attempting to fill out their questionnaires. No charge is made by these attorneys for this service.

The Valley's Most Complete Stock of Apparel

for Men, Women and Children

Is Ready Here for "Fair-Week" Shoppers

Each of our many departments is an individual shop—A complete store in itself, with the extra large apparel selections of the larger "coast" establishments. Every need for man, woman and child is ready here now for Fall and Winter. And best of all, Popular Prices prevail on merchandise that is already a standard of Quality.

Especially Alluring Values Are Presented in These Groups of Popular Priced

Dresses

\$22.75 — \$29.50 — \$39.50

And at each of the above prices you'll find surpassingly perfect selections of the very newest and smartest dress of Fall—Wool jerseys and French Serges with novelty braid or buttons; satins, crepe de chine and georgette combinations—beaded, embroidered. Scores of models—\$22.75 and up.

Fall Suits

\$25.00 — \$29.50 — \$35.00 — \$39.50

At \$29.50, for instance, are becoming styles of Gabardine, Serge and Heathers tone fabrics; \$35.00 features an extensive selection of clever tailored and belted suits in fall checks and dark shades. Others at \$39.50, \$49.50 and up.

Fall Coats

\$25.00 — \$29.50 — \$35.00 — \$39.50

A continuous array of smartly new models, including particularly fine values in Velour, Burella, Silvertone, Tweeds and Plush; many fur trimmed novelties at \$35.00, \$39.50 up. Distinctly exclusive models at higher prices.

Strikingly Smart Hats

Are Featured in Our Second
Floor Millinery Shop at \$7.95

You should see these during "Fair Week"—Many are copies of the more expensive 5th avenue models. Large velvet hats in Fall colors with feather or flower trimmings; lovely pokes, jaunty turbans with breast trim or velvet drapes—and many others that are just as exceptional for \$7.95.

A Wonderful Stock of Corsets

Seven Renowned Lines Featuring
New Models for Women of Every Size

America's best corset lines—"Madame Irene," "Franco," "La Camille," "Warner's," "Redfern," "Blen Jolie," and "Freco"—perfectly fitted here by experts.

- And That We Are Showing the Valley's Biggest Stock of Boys' Clothing and Furnishings

MAKE YOUR LOAN PLEDGE GOOD IS PLEA

ONLY \$654,800 IN PLEDGES
ARE MADE GOOD IN COUNTY

Failure of Fresnoans to Go to Banks and Redeem
Their Liberty Loan Pledges Makes County
Fall Far Behind Other Counties of State

Of the vast sums of money pledged in mass meetings in Fresno and all over the county, only a small percentage has been made good. The pledges have been made good, and the last night was able to show a total of \$654,800 in actual subscriptions to the Fourth Liberty Loan.

This is the sum of the subscriptions which first payments have been made. It represents the total amount of the pledged money. And no matter how much has been pledged at the different periods, the only way to make good the pledges is to go to the bank and get the money. The Fresno Liberty Loan committee was able to send to the Federal Reserve Bank in San Francisco last week a total of \$654,800. This represents a total of the pledges that have been made good. And Fresno is far behind other counties which stand with other pledges are made good—it will stand against the other counties.

No subscriptions can be officially announced to the public until first payments have been made. And the total amount of subscriptions that have been made good by the first payment follows:

Fresno City	\$264,200
Coalinga	26,000
Clovis	5,000
Del Rey	18,000
Fowler	20,000
Kingsburg	15,000
Kerman	21,000
Laton	2,000
Parlier	25,000
Reedley	15,000
Riverdale	3,000
Ranger	20,000
Selma	21,000
Total	\$654,800

With thousands of campaigners working all over the city yesterday to carry Fresno over the top before the middle of the week, and with many hundreds working all over the county to prove once more that "Fresno county never fails," it is believed at Liberty Loan headquarters that the \$2,000,000 mark will be reached tonight if every man, woman and child who has signed a pledge makes good by going to his or her bank today and signing a formal application and paying over to the bank the first payment of 10 per cent.

And every bank in the county is urged by County Campaign Manager Fred B. Fox to telephone to him at close of business today the total amount of the subscriptions taken in by his bank since the loan opened, and each day hereafter to telephone to headquarters the day's subscriptions, in order that Liberty Loan

HELP STAMP OUT FALSE REPORTS.

German propagandists in Fresno spread the report yesterday that the "Fourth Liberty loan had been called off because of the Bulgarian surrender."

The report was so thoroughly circulated that a number of business men called up Liberty Loan headquarters seeking confirmation.

In each case it was impossible to run down the rumor to its source.

That there is no truth in such a report is obvious to every right-thinking, 100 per cent loyal American.

Now is the time to lend the government every single dollar you can spare above your actual cost of living to make the crushing of Bulgaria count to the fullest in the war to destroy Imperial Germany.

A German offensive against the Fourth Liberty loan was anticipated by the American government and every speaker sent out from Washington was instructed to prepare the people for it and urge them to demand of every bearer of false reports to prove his statements or else run the risk of arrest for sedition.

And every loyal citizen of the United States living in Fresno county is herewith called upon—in the event any report calculated to injure the success of the Liberty loan drive is brought to him—to hold the man guilty of repeating the rumor and call the nearest policeman or telephone at once to United States Deputy Marshal Shannon. The police telephone number is 120. The United States marshal's number is 3401.

LIBERTY LOAN COMMITTEE OF FRESNO COUNTY.

10 SHIPS, 10 TANKS
TO GET NAMES OF
HONOR CITIES

Plan Is Announced to
Honor Cities and Coun-
ties in Loan Drive

Those Having Greatest
Over-Subscription to Be
Honored by Nation

SAN FRANCISCO, Sept. 30.—As a mark of distinguished service in the Fourth Liberty Loan campaign, the privilege of bestowing their names upon steamships of the United States Shipping Board and upon fighting tanks has been accorded respectively to cities and counties of the Twelfth Federal Reserve district.

Ten ships and ten fighting tanks will under this plan bear the names of the cities and counties which have made the greatest records for over-subscription when the loan campaign closes on October 19.

The cities, for the ship competition, have been divided into five classes according to their population in the 1910 census, as follows:

Class A (more than 250,000) Los Angeles, San Francisco, one ship.
Class B (150,000 to 250,000) Portland, Oakland, Seattle, one ship.
Class C (50,000 to 150,000) Honolulu, Spokane, Salt Lake City, Tacoma, one ship.

Class D (25,000 to 50,000) Berkeley, Sacramento, San Jose, San Diego, Pasadena, Ogden, two ships.
Class E (10,000 to 25,000) Phoenix, Alameda, Riverside, Redlands, Boise, Aberdeen, Bakersfield, Fresno, Eureka, Santa Clara, Pomona, Long Beach, San Bernardino, Santa Barbara, Everett, Yakima, Walla Walla, five ships.

That each state and territory of the district may be represented on the front in France, the tanks have been assigned for competition as follows:

Alaska, one tank; Southern California, one tank; Hawaii, one tank; Idaho, one tank; Nevada, one tank; Oregon, one tank; Utah, one tank; Washington, one tank to the second highest county in the state or territory returning the highest number of over-subscriptions counties, one tank.

The privilege of naming the ships is accorded to the general publicity committee of the Liberty Loan organization by Mrs. Woodrow Wilson, who was entrusted with the duty of naming all shipping board vessels. The War Department makes the same disposition as to naming the tanks.

The selection of sponsors for the christening ceremonies of both tanks and ships will be made by the successful communities by methods approved by their Liberty Loan committees.

Contests for the honor of officiating as sponsor may be opened to all persons except members of the families of Liberty Loan executives. Under no circumstances will ships or tanks be

Merchants in Race
to Get 100 Per Cent
Cards in Windows

Have you a 100 per cent sign in your window?

That's the question that every business man will be asking every other business man in Fresno today. Early yesterday one of Fresno's merchants came up to Liberty Loan headquarters and proudly announced that 75 per cent of his employees had subscribed for Fourth Liberty Loan Bonds.

"Good," replied Campaign Manager Fox, and handed the merchant a sign to place in his window—a sign which bore a four-barred Honor Flag and announced that "This firm is 75 per cent over the top."

"I won't put that in my window," protested the merchant. "Just wait until I go over to my store again."

Ten minutes later he came back and demanded a 100 per cent sign. He got it.

Honor flags are offered to all merchants—honor flags printed in colors to great posters—from 50 per cent up to 100 per cent. Here are the firms that won 100 per cent cards yesterday:

The Wonder Crock and Suit House.
Copper's Department Store.
B. P. Martin Shoe Co.
Neil-White & Co.
C. H. Heger.

Valley Hardware Co.
Fresno Jewelry Store.
M. Sater.
William L. Hughes Company.
Valley Van and Storage Co.
C. T. Cleary.

named after individuals or organizations. The awards will not be made until after the closing of the campaign and only subscriptions in the hands of the Federal Reserve will be considered.

Fresno's Place Protested
The following protest against the classification of Fresno was wired to San Francisco yesterday:

George A. Van Smith,
Liberty Loan Headquarters,
430 California Street,
San Francisco, Cal.

Conditions of your ship and tank naming competition completely eliminate Fresno city, and every city in Fresno county if terms are correctly interpreted by us. Fresno city is disqualified because a merchant ship has already been named "The Fresno." County cities are eliminated because there is not a city within the county large enough to be eligible to compete in the ship naming contest. Furthermore Fresno with its population of nearly 60,000 is placed in the class of cities of 10,000 to 25,000 people. What about it?

DAVID SWING RICKER,
Director of Publicity.

CAPT. MRS. WILLSON
TURNS IN \$60,000

Although few reports were received from the precinct captains in the big loan drive launched throughout the city by the women campaigners working under Mrs. W. A. Fitzgerald, chairman of the women's Liberty Loan committee, Mrs. J. R. Willson, one of the captains, reported a total of \$60,000 and another captain, working in the poorer districts of the city, reported a total of \$5000.

NEWSBOY BUYS
LIBERTY BONDS

William Goldworthy, a resident of this city, a few days ago met a newsboy on Madison avenue and asked him how many papers he had sold during that day, and he replied that he had disposed of seventy. Asked if he kept his money in the bank the boy replied that he invested his money in Liberty Bonds. He had already bought a \$20 bond, which he had paid for and had nearly 450 ready to pay for the next one. The boy's name is Marvin Allen. Mr. Goldworthy says that if this sentiment prevails among the older men there will be no trouble in putting Fresno over the top in the Fourth Liberty Loan.

TO HOLD SERVICES
Funeral services for the late Charles Osmond will be held at the chapel of Lida Bros. today at 2 o'clock. Osmond died at a local sanitarium yesterday. He was 50 years of age.

ARMENIANS SUBSCRIBING
EARLY.

I wish to call the attention of the citizens of Fresno county to the loyal manner in which the Armenian residents are backing the Fourth Liberty Loan campaign. As a class they are coming forward early and subscribing liberally. Some of the largest subscriptions yet reported to this office have been from Armenian residents.

I heartily appreciate the work these people are doing and take this means of expressing it.
FRED B. FOX,
Campaign Manager.

Fresno Republican
New Subscription Rates

By Carrier 75 cents
By Mail 65 cents

PAYABLE IN ADVANCE
Effective October 1st 1918

Owing to increased costs of news-print paper and every other element entering into the cost of publishing a daily newspaper, the publishers generally, throughout the country, have found it necessary to increase both advertising and subscription rates. The Fresno Republican is compelled to follow the same course.

The War Industries Board, a Government department at Washington, D. C., has also issued the following order, which the newspapers must obey:

"Discontinue sending paper after date of expiration of subscription, unless subscription is renewed and paid for. (This ruling to be effective October 1, 1918.)"

Fresno Republican Publishing Co.

Tulare Street and Van Ness Blvd. Fresno, Cal.

**There's Plenty of Time To
Go To the Fair**
—when the Thor does your wash

If you have a Thor Washing Machine in your home you will have plenty of time to "get off to the Fair" or do anything else you want to do, for the Thor will do your washing in as little time, and do it far better than you could do it yourself.

You can get the Thor going and go about your other duties while the Thor does the work.

WAR INDUSTRIES BOARD ISSUES CIRCULAR ON WAR BUILDING

The war industries board has issued a circular known as Circular No. 21, Non-War Construction, which gives instructions and regulations for new undertakings which are not deemed essential and are not contributing directly to the winning of the war.

These instructions will be put into operation by the local non-war construction committee of Fresno, which is now established in the city building. All new construction has to be passed upon by the committee, and eventually by the board at Washington.

Following is the circular:
WAR INDUSTRIES BOARD—PRIORITIES DIVISION
Circular 21—Non-War Construction
To all manufacturers, jobbers, distributors, dealers and consumers of building materials:

As far back as March 21, 1918, the following resolution was unanimously adopted and given wide publicity by the War Industries Board:
Whereas it has come to the notice of this board that new industrial corporations are being organized in different sections of the United States for the erection of industrial plants which can not be utilized in the prosecution of the war; and
Whereas plans are being considered for plant extensions, cities, etc., looking to the construction of peacetime buildings;

Y. W. ACTIVITIES ARE OUTLINED
Tonight at the Y. W. C. A. the young business girls of Fresno will meet under the auspices of the Y. W. C. A. for the reorganization of their club for the coming year.

The Business Women's club will hold their first meeting of the season Thursday evening, also at the association building.

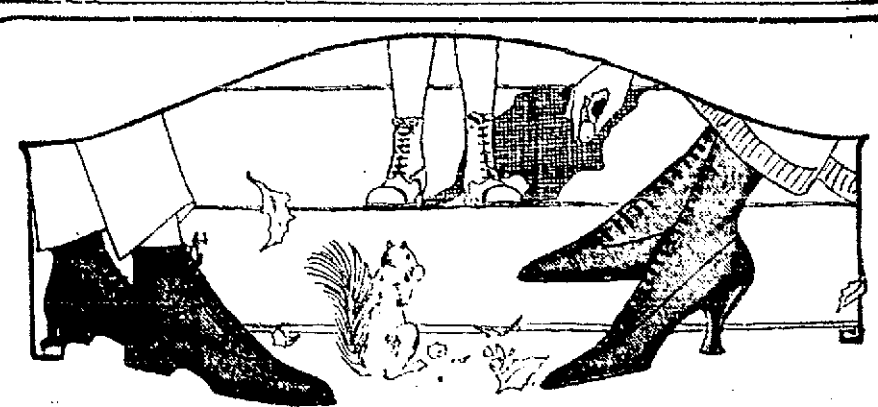

This morning Miss Maude Wolf, general secretary of the local Y. W. C. A., is to speak at the Board's Business College on the subject of "Girl Business," and the same topic will be discussed by Miss Myrtle Bisset at an assembly of girls at the high school. On Wednesday morning Miss Wolf will address the Normal school students on "The Bigness of the Association Today."

CHORUS PLANS WINTER CONCERTS
Plans for three coming concerts of the Fresno Male Chorus were discussed at their third rehearsal last night at the Foster Lecture Club. The White theater has already been secured for these concerts.

G. A. Cottrill was elected treasurer upon the resignation of C. T. Elliott. F. W. Decker and Ed. Elmer were appointed on the music committee.

W. J. Johnson, bassitone, and E. J. Gray, second tenor, were elected to membership in the organization and several other names were proposed and will be voted on at a later meeting.

FRESNAN TO ENTER U. S. TANK SCHOOL
R. D. Burns, who applied early for tank service in the U. S. army, has received word of his acceptance, and will leave within a week for Gettysburg, Pa., to undergo training. There is opportunity for promotion, and he hopes to earn a commission. He returned Sunday from San Francisco, where he passed the preliminary examination.

"Better Health From Internal Baths"

Miss Frances Herrod writes Dr. Chas. A. Terrell of New York as follows: "I am very glad to tell you that I am more than pleased with the results obtained from the use of the J. B. L. 'Cascades' and am in better health than I have been in years."

This is but one of thousands of the same kind of letters received by Dr. Chas. A. Terrell of New York, the inventor of the J. B. L. 'Cascades'.

By a purely natural process of properly using warm water, the J. B. L. 'Cascades' removes all the poisonous waste from the lower intestine, which physicians agree is the cause of 35 per cent of all human ailments.

The Owl Drug Co. stores have filled an enormous demand for J. B. L. 'Cascades' in the past few years, and will show and explain it to you on request. A free and interesting booklet on Internal Baths—Price \$1.00—(Today only 50 Per Cent Off)—can be obtained at their stores free of any cost.

A. Terrell.

COOPERS

DEPARTMENT STORE
915-17-19 JAY

Sateen Petticoats

Truly a wonderful value to be able to purchase plain colored and floral sateen petticoats at only

\$1.50

Sateen Bloomers

You will find the quality excellent and the range of sizes are from 4 years to 14. Very special value.

75c

Remarkable Values in Women's COATS

\$25.00 and \$27.50

The values are surely remarkable. The materials include many pretty woolsens and zibelines, etc. Some are trimmed with real fur collars, others with plush and others with imitation beaver. Visit this store today and get a remarkable coat value at

\$25.00 and \$27.50

SAMPLE UNDERWEAR OFFERS YOU GREAT SAVINGS

A season's opportunity for you. Wool and cotton underwear, as you know, is high but here is a saving opportunity. We purchased a splendid sample line of winter underwear at about 1-3 less than market prices. This saving is yours, so come today, and get your winter garments at a bargain price.

Blanket Bargain

We understand that this is an unexcelled value. First note the size, 72x50; second, note the quality "woolnap"; third, note the price

\$6.00

(is not a wonderful value?) These blankets come in gray and white.

Ginghams 25c

This is not our best quality, but it is a good quality and comes in stripes, checks and plaids.

Cotton Batts

Size 72x90 inches. They are made of pure snow white cotton.

Weight about 2 lbs. **\$1.10**
Weight about 3 lbs. **\$1.60**

Dress Goods

A Few of Our Splendid Values

31 inch part wool serge, **75c**

REPUBLICAN
SUBSCRIBERS
SHOULD PAY

As announced before by this paper, the War Industries Board, a Federal Government department at Washington, D. C., has issued the following order to the newspaper publishers of this country:

"Discontinue sending paper after date of expiration of subscription unless the subscription is renewed and paid for."

This order is a part of the nationwide movement for conservation as by the publishers but by the Government. It is an order to the publishers and must be obeyed. Consequently, every Republican subscriber who is in arrears on his subscription should pay up before October first, when this order goes into effect, and thereby make it unnecessary to have the order enforced against him.

Please do not wait for a collector to call.

FILE \$500,000
DEED OF TRUST

The Anglo-California Company, which owns the 150-acre Alameda vineyard east of Sanger, yesterday filed a deed for \$500,000 covering the place. The amount was increased from \$300,000 to \$500,000 and the date of the instrument was July 1. The owners and those making the deed are all English. James Benham, the manager, is now in England. The place is planted to table and raisin grapes.

TO NOMINATE NEW
Y. M. DIRECTORS

The nominating committee of the Fresno Y. M. C. A. meets today at noon at the Y. M. C. A. building to nominate eighteen directors to serve for the year beginning October 1. The annual meeting and election of officers will be held October 13.

The membership council of the association meets on Thursday at noon to hear reports on the membership campaign. J. H. Howard is chairman and Stanley Moffatt is secretary. Secretary Forbes reports that the result of the campaign is showing in the increasing membership. The educational, social and physical activities of the association are now getting into full swing for the winter season. Secretary Forbes announced.

WILL BE EASY ON
THE NEW OLD BOYS

CAMP LEWIS, TACOMA, Wash., Sept. 30.—During the first two weeks following the entrance of new men into service, all drill and physical exercises will be of short duration and moderate in degree, according to a bulletin issued here today.

Those who have been hardened by outdoor labor and other strenuous occupations will be given more strenuous training than those of sedentary habits. The action will be taken as a result of a letter from the adjutant general of the army.

Five majors of the 16th depot brigade were assigned today to the 13th division. Major Gustav E. Schaefer was assigned to the First Infantry; Major Clarence J. Booth to the 14th Infantry; Major Robert M. Martin to the 15th Infantry; Major Lee Arnold to the 16th Infantry; and Major Harold P. Fadian to the division of school arms.

Killed in Action.
Sergeant Carl A. Johnson, Ashtabula, Harbor.
Corporal Walter A. Hausler, Philadelphia, Pa.

Privates.
Riley E. Hoggess, Dallas, Texas.
Clifton E. Fiedler, Woodville, N. Y.
Solomon Isaacs, Sleepy Eye, Minn.

Died of Wounds.
Sergeant Robert Land, Denver, Colo.
Corporal Allison M. Page, Aberdeen, N. C.

Privates.
Russell K. Sprunt, Salt Lake City, Utah.
Paul J. Quattlander, Ensey, Ala.

Wounded Severely in Action.
First Lieutenant Fred Wheeler, Wagonwood, Pa.
Second Lieutenant Irving F. Bigelow, Highland Park, Mich.
Corporal Morris G. Sleight, Rochester, N. Y.

Leo Kelley, Dundee, Ill.
Stanley E. Mullen, Redwood City, Cal.

Privates.
Oscar Seward, St. John, Wash.
Cecil B. Thompson, Brooklyn, Ind.
Harold B. Turner, Portland, Ore.

"Regular as Clockwork"

You can foretell the future

You say "The man who could foretell illness would make a fortune!" Of course no man can—in the sense you mean. But you can tell pretty accurately what to expect your own body to do.

How?

Get this simple physiology: Your body machine has to be repaired. It also must have fuel to supply heat and energy. Your food supplies both repair material and fuel. But a furnace always produces ashes and clinkers. If these accumulate, the furnace becomes clogged and cannot work properly.

If your bowels become clogged—you suffer from constipation.

Perhaps you hurry to work or play and neglect to obey Nature's call. Waste matter stagnates in the bowels. You go right on eating, drinking, working. What happens? The constipation becomes established. Waste matter undergoes decay, fermentation and germ action. Poisons are formed, absorbed, carried all over the body. They attack the weakest part of you first.

Then you know you're sick. In reality you've been getting sick since you missed that first movement.

If you want to keep well—wholly well, all the time, so that you're on your toes every day, remove that waste.

Many people take pills, castor oil, purgative mineral waters to force the bowels to act.

These act, but they irritate, tire out the intestinal muscles, make the trouble worse.

Others take "salts," which attract water to the intestines and flush the bowels—about as gently as a fire hose. A reaction follows that makes the intestines dryer than ever and aggravates the constipation.

You needn't do this and weaken your system just because all of your ancestors did.

The Nujol Treatment moves the waste regularly, and easily. It is a purely mechanical process, absolutely harmless, based on a simple principle—that you can move a softened mass out of a tube more easily than a hard, dry one. It doesn't gripe—you won't know you have taken anything until after a few days your bowels move at the regular hour. It makes you "regular as clockwork."

Don't try to foretell illness. Foretell it. Don't wait until you are sick. Keep well now. Your druggist has Nujol.

Nujol

**BOYS!
GIRLS!
See Here!**

**Wear a Trench Hat
Get in the Fair FREE**

Boys and Girls! You kiddies under thirteen, isn't this just the best ever? Here is your chance to get into the Fresno District Fair free, just by wearing one of these trench hats, advertising the Fair. And the hats are just like big brother is wearing, only these are paper.

Only a Nickel for One of These Dandy Hats

And how do you get one of the Trench Hats? Well, first you watch the papers and see when they get here (they haven't come in yet) and then you bring a nickel down to the Republican office and you will get one of these dandy little hats.

And then you can put in on and go out to the Big Fair, and the man at the gate will let you in without your paying any money.

Soon they will be here. Watch the papers to see when they arrive

Remember! the hats aren't here just yet, so you must watch the papers closely and just as soon as they come in, we will tell you, and then you come down here with your nickel and get your hat. Remember in come to the Republican office, and remember, to watch the Republican to see when the hats arrive.

Stop Itching Eczema
Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time, usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.
For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

Equity.

ORDER OF PUBLICATION OF
ON A BASILETTA
It appearing to the court that the complaint
filed herein, of complaint
by the complainant

by him, he was authorized to enforce a negotiable claim to, and to defend upon the title and to quiet title to real property, belonging to Mary E. Turner, deceased, in the district where such suit was and within the county of Fresno, California, and the southern portion of this court, and more particularly as follows, to-wit: The southern 1/4 of section four (4), township 11 N., range eighteen E., Mount Diablo Base and Meridian.

And it further appearing that said defendant A. is a person of good name and never has been convicted of any crime, with

and cannot go to the southern district of northern Italy, and the defendant, a native-born Italian, and a subject of Italy, and has not voluntarily appeared within the time allowed in a criminal service, and personal service on the defendant, A. Basiletti, is not required.

It is hereby ordered that said defendant, A. Basiletti, shall answer or demur to said subpoena on or before the first day of December first, 1918, and it is hereby ordered that this order shall once a week for six consecutive times, commencing on or about August 1, 1918, in the "Freemason Republican" be published in general circulation, for the purpose of giving notice to said defendant.

of Fresno, state of California, and properly hereinbefore described, and in case such absent defendant, Basileta, shall appear, he shall be served with said suit within or after the time hereinbefore allowed, or within some further time to be fixed by the court, in its discretion, upon proof of the publication of notice of the filing of said suit and of the performance of the duties required by law to be contained in same, said court shall have jurisdiction and proceed to the trial and adjudication of such suit, and the same shall be served upon the owner as if such absent defendant, Basileta, had been served personally, in said suit, with the other parties to said suit in said districts. A copy of this order shall be served on said A. Basileta.

tion to him through the U. S. Post Office, by registered mail, return letter or package on this order, together with a demanded complaint on file here to him at his residence in Florida, a copy to be deposited by mail, postage prepaid, with firm date thereof and it is further ordered that copies of this demanded complaint on file here served on said J. T. Harme-Christin, mentioned in said complaint, within 20 days from date hereof.

Dated this 26th day of September 1934.

MARY E.
N. T. ESPINOSA

480 ACRE TRACT AT KEARNEY FARM TO BE SOLD

Distance From Headquarters of Ranch Makes It Hard to Farm

Will Be Sold on Bids; May Be Bought in Parcels

In line with the government's war policy of making every acre produce to the maximum in order to secure adequate food for the battle front, the regents of the University of California will offer for sale today a tract of land comprising 480 acres, which is a part of the Fruit Vale Estate, commonly known as the Kearney Vineyard, it was announced yesterday.

This land to be offered for sale is located on the south half of section 11 and 12, T. 14 S. R. 19 E. M. D. H. M. About 45 acres of the tract are in bearing Alameda and Thompson vineyards bordered with fig trees, while the balance is in alfalfa and pasture.

The tract will be sold on bids; any purchaser may buy any parcel or parcels under the terms and conditions as provided for in the invitations for bids.

The regents offer the land for sale in order to obtain funds to be applied to the general betterment and more intensive cultivation of the remaining property. The tract for sale is located from two to four miles from the Kearney Park and it has been found impossible to economically farm the land situated as it is so far from the ranch headquarters. At this time when the government is in imperative need of the maximum output of all lands, it was deemed advisable to cut the tract up into small holdings so that the production could be greatly increased.

The sale of this 480 acres will also give the Kearney vineyard sufficient funds for the intensive farming of the balance of the ranch, for the carrying on of the drainage work, for the continuation of the present experimental features and money for other general improvements of the property.

Invitations for bids which embody all the terms and conditions of the sale are now obtainable at the offices of the Kearney Vineyard at Kearney Park, Cal. These invitations include a complete map of the tract for sale, so that prospective purchasers may locate the lot or lots desired. No bid will be accepted for less than those designated on the map.

The regents announced that there will be no further sale of any of the remaining Kearney Vineyard property and that the reasons herein outlined are the sole considerations actuating the sale of the 480 acres. The regents will continue to hold the balance of the property as it has been in the past for revenue to be devoted to the University of California.

KUTNER-GOLDSTEIN'S BUY OUT VALLEY HARDWARE CO.

Deal Closed and Inventory Begun; Price Is Nearly \$100,000

Buyers Express Confidence in Fresno and in Conditions of Trade

The Kutner-Goldstein Company yesterday completed the deal for the Valley Hardware Company store at 1121 I street, purchasing for cash the entire stock of hardware and the fixtures and taking a lease of the large store. The deal was made directly between the parties and involved \$75,000 to \$100,000. The store closed yesterday and the inventory began. The doors will be opened in two or three days.

David F. Appling was manager and chief stockholder in the company.

E. E. Maubach, vice president of the Kutner-Goldstein company, said last night the buyers found it desirable to get a hardware and implement store into operation as soon as possible after the recent fire.

"Our firm has unlimited faith in the progress and greatness and future growth of Fresno, in winning the war, and in business prospects after the war. And the investment is readily made to re-establish our hardware department in business. Other officials of the company are: Alfred Kutner, president; D. L. Newman, secretary; and Louis Kutner, treasurer.

Louis Kutner stated that the Kutner-Goldstein store was 45 years old and that in its hardware and implement lines it had attained the reputation of being the biggest store in the interior of the state. He said an implement department would immediately be added to the new store.

FATALLY TO BOY NEAR REEDLEY

Two Brothers and Two Sisters Injured When Bolt Hits House

Parents Were Absent at Kingsburg; Dwelling Is Badly Wrecked

Lightning struck the home of Robert Bishop, four and a half miles north of Reedley, and ten miles southeast of Sanger, yesterday morning killing the eldest son, Harley Bishop, aged 13 years, and injuring four younger children. Lavinia aged 13, Davis 12, Addie 8, and Clarice 3. The parents were visiting in Kingsburg at the time. The house is located on the farm of Peter Pink, Mr. Bishop being foreman of the ranch. Mr. Bishop was milking at the time, about 8:30 Sunday morning. Witnessing the crash, he rushed to the house, where he found the children all more or less injured and the oldest boy lying dead upon the floor. He summoned the four injured children and notified J. R. Cain, deputy coroner at Sanger, who came at once and took the body of the boy to the hospital. The parents were also notified of the tragedy, and hurried home. The four injured children were taken to the county hospital in Fresno, where they were given treatment and are reported as doing nicely. David Bishop was the most severely injured, being badly burned over various parts of the body.

The bolt of lightning did not cause any fire, but the house was considerably wrecked, and the furniture was strewn about the rooms. The clothing of the boy who was killed was not apparently damaged, and a verdict of accidental death returned. Funeral services will be held tomorrow from the parlors of J. R. Cain in Sanger.

MRS. G. M. BORG DIES

Mrs. Gustava Mathia Borg, wife of L. G. Borg, died on the family ranch on Pierce avenue, one-half mile south of Belmont, yesterday. She was the wife of Rev. L. G. Borg and was a native of Sweden. She was 55 years of age. Funeral will be held at the chapel of Stephens & Rein at 2 o'clock today. Rev. C. A. Nelson officiating. Interment will take place at Mountain View cemetery.

DRAFT MEN TRAIN 200 STRONG AT THE ARMORY

First Class Gets Large Attendance; More to Drill Tonight

Organize Squads Soon; Plan Thorough Study; Clovis-Selma Dates

Fresno drafted men do not intend to be candidates for awkward squads at Camp San Joaquin.

About 250 men of draft age drilled and trained at the Armory last night in spite of the threatening storm. 144 men were in line in the parade through the streets before the drill. Several more "fell in" as the companies marched behind the Eagle drum Corps back to the armory. The number of new volunteers attended, and a large proportion of those present plan to drill two to five nights a week from now until the time they are called into the service.

Captain S. L. Gallaher read the orders following the directions of Provost-Marshal Crowder, reading the men to sign preliminary training school cards which will be checked up by the officer at each attendance, making the record for the new man entering the United States army cantonment. The work is voluntary, but the credits are for work performed. The drills were of the simplest character, the men being given salutes, dress, salutes and schooled in the position of the soldier. More advanced movements will be given each week. The soldiers who come often will have the opportunity to become most proficient. Within a few days the more proficient soldiers will be made corporals and guides.

About fifty of those present last night had previous military training. These men will assist materially in getting the classes started. Captain Gallaher said all the men showed remarkable interest.

Will Go to Selma Tonight

Captain Gallaher will go to Selma with P. A. Homan, district chairman of the council of defense, to meet and organize the Selma drafted men at the Selma high school building at 5 o'clock tonight. They will go to Clovis Saturday night. Major Jones will take the home guards to the fair grounds tonight to drill for the "Over the Top" spectacle for the Fresno District Fair.

Lieutenant Farnand Deloy will have charge tonight. The class will be the beginners who signed for tonight, and for new men and for those who wish to repeat last night's drill. Captain Gallaher will have charge Wednesday night, and Major Jones Thursday night.

Major Jones announced last night that all drafted men should be drilled at any time to fall into line with his trained men of the home guards, and to get the benefit of their experience. This permits anyone who wishes to take the training to drill Friday nights.

A number of women attended the drill to look on last night. They were not invited to drill, but were welcomed to return.

The W. O. W. Drum Corps will furnish the music for tonight's parade. The parade will leave the Armory at 7:15 o'clock. Drills will begin promptly at 7:20.

More Than 50 Boxes Packed for Belgians

With the closing of the Red Cross drive for used clothing for the Belgian refugees, there stands in military formation, a company of packing boxes, filled with the prescribed garments, those packed numbering 44.

The company will leave the Armory at 7:15 o'clock. Drills will begin promptly at 7:20.

Yesterday, a truck load of clothing was sent down as the contribution of the Fresno high school to the receiving camp in the City building.

Mrs. W. R. Holland has assumed the brunt of the big packing job, and has been assisted each day by nearly a dozen volunteers. The work has been strenuous and heavy, and those lending their efforts in this cause must surely receive a small need of praise for their splendid work.

MAN SHOTS SELF IN CLUB BEDROOM

G. A. Anderson, Piano Salesman, Ends Life at Elks' Club

As the result of a bullet wound from a revolver shot through the temple, inflicted by himself at Fresno Elks' Club yesterday afternoon, G. A. Anderson died at a local sanitarium shortly after being removed from the club.

The occurrence took place in the bedroom of the deceased in the club about 3 o'clock. No shot was heard, and the man was found after he had been lying there for some time. Few particulars regarding his antecedents could be ascertained, but it was learned that he had been in a despondent frame of mind for some time past, and on Friday last had told several members of the club that he was worried over the death of his wife, and that he intended to join her.

One or two members tried to console him, and accompanied him to his bedroom. While there he suddenly reached under the pillow and seized a revolver, but he was overpowered and placed under the care of Dr. O. B. Doyle at a local sanitarium. He improved so rapidly, it is stated, that he left the sanitarium yesterday and went about his business as a salesman, and stated to friends that he had sold a piano that morning.

In the afternoon he did not report at the store of Sherman Clay & Co., where he was employed as a salesman, and the manager inquired at the Elks' Club, with the result that he was found on his bedroom floor with a bullet wound through the temple.

He was rushed to a sanitarium in an unconscious condition, and succumbed at 8:15 o'clock.

From information that he conveyed to his friends, it appears that his wife died in Sacramento about three months ago, and that he is said to have preyed upon him. He had been a resi-

PLANS FOR LINEN SHOWER CANCELLED

Following closely upon the recent launching of the campaign for linen showers for the hospitals in France, came the telegram received yesterday by E. B. Walcott, chairman of the Military Relief Committee of the Fresno Chapter of American Red Cross, which briefly cancelled the plans in the following words:

"Chairman American Red Cross Chapter, Fresno, Calif.:

"Washington medical authorities advise postponement of linen showers until further notice."

JOHN L. LYMER, "Director Development."

There Are Still Wonderful Values and Savings to Be Had in Wanted Footwear

Some Remarkable Coat Prices

\$18.95 \$22.50 \$25.00

Offering Values That Thrifty Shoppers Will Not Miss

The New Silk Hosiery

We still have quite a large stock of silk hosiery at very attractive prices. Heavy weight white and black silk Wayne Knit hose with heels top, 55c.

SALVAGE DEPT. TO HAVE FAIR BOOTHS

Under the department of salvage of the Fresno chapter of the Red Cross, there are to be several booths at the Fresno District Fair this week which will probably bring remuneration worthy of the effort of those in charge.

One of these booths will be a "rag" booth, and will be in charge of Mrs. Florence Casteel and Mrs. Alice M. Sheppard, and an ice cream booth wherein cones will be sold, will be in charge of the Liberty tea room committee.

Yesterday at the shop the Lady Macabees, with Mrs. Dora Reitz in charge, sold merchandise for the day to the extent of \$48.31, and today the ladies of the First M. E. church will be in charge.

Last night at the Liberty tea room the fund raised by the usual sale of ice cream was swelled materially by the gift of \$18 by a man who explained that he had "come through the form of eating that ice cream to give the money to the Red Cross."

HOLD MRS. SERVICE FUNERAL

Funeral services for the late Mrs. Frank Service will be held from St. John's Catholic church this morning at 9 o'clock.

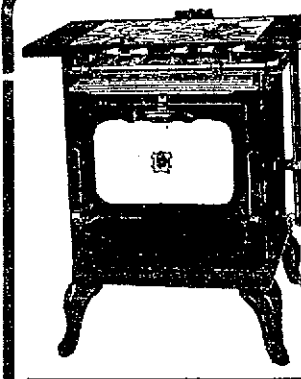

WHEN YOU WANT A TRUSS Abdominal supporter go to Smith Bros. Drug Store. They are expert truss fitters and fit the hard to fit. Private fitting room.

Children's Eyesight

Frequently apparently stupid children are handicapped by defective eyes rather than dull brains.

Before school starts, let us examine your child's eyes. Correctly fitted glasses will place the child in the "smart children class."
